

FIRING ON ALL CYLINDERS

LIGHT-MEDIUM OIL

Featuring a totally new core and cover, the Octane™ line has been completely overhauled to produce the Carbon edition. This impressive piece of high performance engineering is super responsive and corners hard! On light-medium oil conditions, the Red Fire Pearl Octane Carbon offers easy length and continuous backend motion that clears the deck with explosive power.

AGITATOR™ MXR PEARL REACTIVE

New Agitator™ MXR (MaXimum energy Retention) Pearl Reactive cover stock offers easy length with an explosive release of power on the backend of the lane.

INJECTOR™ WEIGHT BLOCK

The brand new dual-density Injector™ core has a higher RG and moderate differential to push ball reaction further down the lane and produce a very responsive transition.

15# RG: 2.56
15# Diff: .042
Flare: 4"+

5500 GRIT LSP FINISH

The Octane™ Carbon is tuned with a 5500 Grit LSP finish to retain energy and create an explosive backend motion.
